YOUR SUBMISSION

Submission:
Whilst I believe young people should be protected and educated about drugs and alcohol it is inevitable whether legal or not that cannabis will be used recreationally. Education around drugs and alcohol and treating addiction as a disease is moving foward not penalising/ locking up addicts. This does not excuse organised crime outfits a license would still be required to grow and a limit on how much. People or organisations flouting limits should be prosecuted

Do you have any additional comments or suggestions?:
At the end of the day whether it's legal or not people are still going to use cannabis recreationally denying this would be like denying the tide. Making this legal and taxable would benefit the community more than what is happening now
