YOUR SUBMISSION

Submission:

After years of chronic pain leading to sleep disorder and anxiety I turned to CBD Oil after seeing how my best friend in Canada with severe rheumatoid arthritis reacted to it. I am now a retired nurse and my GP and Rheumatologist tried other pain and antiinflammatory meds which gave me side effects needing more meds and so on. Cannabis Oil has given me a quality of life finally. I no longer take pain or antiinflammatory meds and don't need nexium which they feel contributed to severe osteoporosis.

Do you have any additional comments or suggestions?:

It works. It can help.
