YOUR SUBMISSION

Submission:

In a post COVID world, cannabis provides a viable pathway to create industry that can help boost the economy. The industry will need to be regulated properly but cannabis is already used for medical purposes there seems to be no reason why it shouldn't be accessible to the public. There will need to be education and restrictions for underage consumption similar to the way smoking and drinking is treated. There should be no reason a person is jailed for smoking or taking cannabis as the harm from the justice system is more harsh than any affect cannabis could make. In a world where smoking and drinking is legal, there should be no reason why cannabis should be treated different
