Individual

Drag the statements below to reorder them.

In order of priority, please rank the themes you believe are most important for this Inquiry into the use of Cannabis in Victoria to consider::

Criminal activity, Social impacts, Public health, Public safety, Education, Accessing and using cannabis, Young people and children, Mental health

Do you think there should be restrictions on the use of cannabis?

(select all that apply) :

Personal use of cannabis should be decriminalised.

(Decriminalised: there are no criminal or civil penalties instead a person is referred to a drug diversion program or other health/ treatment service) Personal use of cannabis should be legal. Sale of cannabis should be legal and regulated. Cultivation of cannabis for personal use should be legal.

There should be no restrictions.

Regulate it like alcohol.

Introduce efficient DUI testing.

Increase tax revenue of state government.

Allow purchases at tobacconists and liquor stores.

Possibly allow purchases at supermarkets.

No time limitations on buying product.

Destroy the black market.

Cleaner product, cleaner health.

Proper support for those with addiction problems.

The current laws treat users like criminals, I just prefer it to alcohol, I wish the country wouldn't punish me for that.

I want to pay taxes on cannabis.

I believe legalisation will reduce my cannabis usage as I won't feel I have to hoard, I would be able to get it when I feel like. It was easier to attain cannabis as a child over alcohol due to the regulations.
