YOUR SUBMISSION

Submission:

decriminalisation frees up resources and takes away easy cash from criminal organisations, and will encourage people on drugs to call police/ambulance without fear. However legalisation will provide a needed cash injection to the state by taxation and create thousands of new jobs in a time we need it the most, and is a great way for the state to open up a new industry without direct funding/direction like it does with public infrastructure. It will also make medical testing much more straight forward.

Do you have any additional comments or suggestions?:

I use cannabis for pain relief, I could not have come of/stayed of opiates with out it and I hate that I'm a criminal because if it.
