YOUR SUBMISSION

Submission:

Want to see a boom in domestic and international tourism following the pandemic? Be the first state to legalise cannabis.

Want to see an enormous amount of jobs created in all parts of the supply chain (manufacture, transport, processing, marketing, sales) following the pandemic? Be the first state to legalise cannabis.

Every part of the cannabis plant can be used in some way, from plastics to textiles to stock feed to cooking oils. We know it's less harmful than alcohol. We know the positive impacts to the economy when it is made legal. We know the positive societal impacts when it is made legal. And we know that legalising it removes an income stream from organised crime when it is made legal.

Why aren't we legalising cannabis yesterday?

Do you have any additional comments or suggestions?:

Don't miss this opportunity to keep Victoria at the forefront of progressive Australia.
