YOUR SUBMISSION

Submission:

- 1.) Persecuting people for Marijuana use is costly, and isn't a smart use of Government money.
- 2.) People who sell Marijuana currently cultivate with heavy use of nitrates and other chemicals. This causes much stronger marijuana which results in more mental health episodes.
- 3.) People who sell Marijuana currently also do not pay tax.
- 4.) By making Marijuana legal, you could regulate dosage (in a similar way to Dosits in Califronia) and use the sale or Marijuana as a chance to educate people.
- 5.) Making Marijuana legal is also a great way to raising tax money, and would help the government recover from COVID-19.
- 6.) The people who sell Marijuana in the states are often reformed criminals, and it provides a pathway back into employment for many people.
- 7.) Legalising Marijuana would boost tourism from overseas.
