### YOUR SUBMISSION

**Submission:**

As someone who suffers from an anxiety disorder. Something I could personally participate in, the consumption of regulated cannabis oils could improve my mental health drastically, to no ill affect of anyone else.

Countries around the world have legalised marijuana to no ill effects and the benefits to their economy have been drastic. The money that goes to tax rather than the pockets of private dealers could ease community projects.

**Do you have any additional comments or suggestions?:**

I believe this will be a social issue we look back on similar gay marriage and ask ourselves how could we be living before this? It seems logical, it's natural, but our old outdated beliefs were holding us back.
