Are there any additional themes we should consider?

Select all that apply. Do you think there should be restrictions on the use of cannabis? :

Personal use of cannabis should be decriminalised.

(Decriminalised: there are no criminal or civil penalties instead a person is referred to a drug diversion program or other health/ treatment service), Personal use of cannabis should be legal. , Sale of cannabis should be legal and regulated. , Cultivation of cannabis for personal use should be legal.

YOUR SUBMISSION

Submission:

Legalisation of cannabis has shown positive social benefits, economic benefits, and individual benefits. The conservative stigma towards the drug is archaic and overlooks the benefits legalisation provides. In addition to this, taxes gained from regulation and sale can then be placed back into social services - it's a proactive way to deal with any potential issues that the drug may create.
