YOUR SUBMISSION

Submission:

I am a medical patient of cannabis since 2017.

I have Crohn's disease.

Cannabis should be legal. It not only helps with chronic pain from my condition but also too is a safe way to relax and recover after a hard day of work.

My concern is the access to cannabis flower that has not been yet approved for my medical use. I am on a less effective oil which is not ideal for managing pain. Flower and vaporizer are effective.

Victoria can benefit from a legal cannabis scheme.
