Select all that apply. Do you think there should be restrictions on the use of cannabis? :

Personal use of cannabis should be decriminalised.

(Decriminalised: there are no criminal or civil penalties instead a person is referred to a drug diversion program or other health/ treatment service), Personal use of cannabis should be legal. , Sale of cannabis should be legal and regulated. , Cultivation of cannabis for personal use should be legal., Other – please explain.

Better education for minors and a minimum legal age (like alcohol or cigarettes). Health impacts are a choice adults can make for themselves but there is sufficient scientific indication that the health effects on younger people are higher and they are not as able to make reasonable decisions they are prepared to live with.
