Are there any additional themes we should consider?

Government revenue

Select all that apply. Do you think there should be restrictions on the use of cannabis? :

Personal use of cannabis should be legal. ,Sale of cannabis should be legal and regulated. ,Cultivation of cannabis for personal use should be legal.

YOUR SUBMISSION

Submission:

Despite many decades of heavy enforcement this drug still remains readily available in most of Australia, thus proving banning something doesn't eradicate it.

I believe legalisation and regulation can go a long way to preventing the current social issues and dangers around the substance while providing revenue to state government, freeing up police for more important work and provide users with a safe alternative to the black market.
