YOUR SUBMISSION

Submission:

I didn't try cannabis until I visited a country where it was legal. It immensely helped my mental health. It has also been great for pain. Much safer than alcohol for enjoyment as well. I actually feel cheated that I didn't have access to it earlier.

My brother, on the otherhand, had his life totally ruined by drugs including cannabis. However, most of that was due to a lack of education and it being illegal. Had my brother known more and been better educated he may never have tried it while he was still young enough to harm his brain. He certainly wouldn't have gotten in with criminals just to access it. Probably wouldn't have tried harder drugs too.

These should never be criminal issues. That just makes more criminals.

Please, stop ruining lives like ours and have some common sense.
