What best describes your interest in our Inquiry? (select all that apply) :

Public sector body, Individual, Academic and research, Advocacy body

Are there any additional themes we should consider?

Select all that apply. Do you think there should be restrictions on the use of cannabis? :

Personal use of cannabis should be decriminalised.

(Decriminalised: there are no criminal or civil penalties instead a person is referred to a drug diversion program or other health/ treatment service), Personal use of cannabis should be legal. , Sale of cannabis should be legal and regulated. , Cultivation of cannabis for personal use should be legal.

YOUR SUBMISSION

Submission:

Cannabis should be legal to buy, sell and grow for all people above 18.

Cannabis should be sold with the same restrictions as alcohol.

Cannabis should be decriminalized.

Licensed cannabis dispensaries can sell cannabis to the public much like a liquor store.

It should be illegal to drive under the influence of cannabis.

Cannabis cannot be publicly used in the presence of other people, much like alcohol.

The taxes gained from cannabis sales will help greatly with the Victorian economy, now that it is in shambles because of covid.

Taxes will allow money to flow from the people back to the government.

Legal cannabis will encourage a more sedated, compliant population during future lockdowns.

People are less likely to engage in civil unrest if they have legal cannabis to use.

Legal cannabis would help with the growing depression and anxiety pandemic, people will be less likely to self medicate with alcohol.

In the absence of legal cannabis, people are more likely to use alcohol regularly to escape their reality.

Cannabis is safer than alcohol and in the event people want to use drugs, it is better they use cannabis than get hooked on alcohol.

The more people who get hooked on alcohol, the greater the strain on the health system and public health.

You have a chance to change things and create a lot more revenue, do it now before it's too late and another state gets a head start in this market.
