**What best describes your interest in our Inquiry? (select all that apply) :**

Individual

**Are there any additional themes we should consider?**

### YOUR SUBMISSION

If people want to do a substance, they will. Prohibition never works, the key is education and regulation. Making substance illegal only makes it dangerous because there are no regulations into how it is made and by whom, so those who want risk their health when it could be prevented if it was legalised. Fund aid for those who are prone to substance abuse.

**Do you have any additional comments or suggestions?:**

**Select all that apply.**

**Do you think there should there be restrictions on the use of cannabis? :**

Personal use of cannabis should be legal. Sale of cannabis should be legal and regulated. Cultivation of can-nabis for personal use should be legal.
