YOUR SUBMISSION

Submission:

I consider the sale and use of cannabis to be a medical and educational issue, not criminal. I believe the sale of cannabis should be legalized and taxed, sale and supply should be regulated via commercial institution rather than illegal to adults. I also believe home cultivation should be legal.

I consider cannabis to be significantly less damaging than tobacco or alcohol, both of which are legal (and the latter permitted to be advertised). I do not believe cannabis advertising should be legal, however an adult should be permitted to purchase and consume.
