Individual

Are there any additional themes we should consider?

Select all that apply. Do you think there should be restrictions on the use of cannabis? :

Personal use of cannabis should be legal. , Sale of cannabis should be legal and regulated.

YOUR SUBMISSION

Submission:

I think having access to marijuana can help individuals relieve stress and improve general well being. However, I can see legalisation of marijuana work only if it's regulated and accessible. Moreover, there can be laws or penalties that apply if people do certain activities under the influence; similar to penalties if driving under the influence of alcohol or working on work activities under the influence.

Do you have any additional comments or suggestions?:

No
