Discussion 1: How can we improve education about cannabis and other drugs in Victoria?

Education needs to be on a community based level and encouraged in schools e.g. external organisation such as Drug & Alcohol Foundation. Uneducation and stigmas make young people feel like they don't have a safe space to seek genuine help. There are pros and cons to every drug/substance; the choice is for the user to use or to not use and there could be better outcomes when individuals are equipped with education and research based evidence.
