My wife and I are disgusted with the housing renewal plan. We have lived here in the Noon street estate for fifty years,we are both in our eighties and it is very distressing to have to go through all this again as we had to move out for seventeen weeks five years ago. When they refurbished all the houses on this estate the work was not complete. We had been promised built in robes and they did not put them in and there were lots of issues with things so we had to go to vcat to get things fixed, the judge found in our favor, we think its just selling off public housing land to the developers and replacing it with community housing which will mean we have a private owner.

All the things they are telling us now are the same things they said last time but in the end we got no say in where they would put us.Please stop this program from going ahead.
