**Subject:** Submission to the public housing inquiry

To the Secretary,

Melbourne is in the midst of a housing crisis. There are 35,000 people on public housing waiting lists. Homelessness is growing.

The Government's plans to demolish hundreds of homes and replace them with thousands of expensive private apartments, while providing a paltry 10% increase in new public or social housing is not good enough.

We need a new build of public housing like we had in the 1960s. This public land should be used for 100% public housing – not sold off for private development.

If the Government plan goes ahead private developers will make big profits while people in public housing will lose out.

This is not the only state where this is happening. But you have a chance to take the high moral ground and set a great example.

Yours sincerely, mary ellen Fremantle, Western Australia, 6160, Australia
