I live with my family at the above address. We are happy here and have lived peacefully with our neighbors. My concerns is the government is selling public land and under the pretence of housing renewal program. The government should consider the common people who work hard and to take care of their families , the same people who voted them in those positions that are being used to kick us out of our homes. The public housing renewal means selling three quarter of the land and squeeze the rest of us to the remaining quarter.
