Any redevelopment beyond refurbishment of the 'walk-ups' in Clifton Hill will overshadow the immediate area and deny low income residents the capacity to continue to live in the area. The ALP government is to be condemned for this land grab on behalf of greedy developers who are hell bent on destroying public housing. I can assure you this will be fought with all resources available. It makes you wonder what the ALP is on about. It has gone over completely to the neoconservative agenda of denial of community well being.
