To The Secretary,

Having moved into [REDACTED] in October 2011, we were told that the Social Building Complex would be built in 18 months, I have now been waiting for a period of nearly 6 years, nothing but false advertising & lies for the past years, I also lost my husband last August - he never got the chance to use the promised complex. Still being charged maintenance fee, for what? Lawn cutting of Village & Rubbish removal by Council?

I am very disillusioned with Villagers & would never recommend any to anyone else.

Yes, we badly need an Ombudsman, there needs to be checks & balances with these Villages.

Yours faithfully  
[REDACTED]
