

Rec 7/6/16

To whom it may concern.

Having lived in [redacted] Pillage Retirement Pillage with my husband going on six years.

It surprises me as to why the residents at our Pillage have to pay the same amount of yearly rates as a household outside our Pillage, as we don't own the land! but we pay rates for the land. The Brock council where we used to live before (not in a Pillage) I believe they have taken 25% off the rates of the Retirement Villages in the area. Can you tell me why this discount does not apply to our Pillage.

Considering we don't own the land

you would think the personnel that run this Village would eradicate the vermin (rabbits) that run freely around our gardens eating our plants and fouling our lawns and gardens. If you have a dog the rule is to pick up their droppings, who is supposed to pick up the droppings from the rabbits??

The roads in our Village have much to be desired. I do not think they are inspected so often, as a reflector looks very unsightly on the road outside our Unit along with other unsightly items throughout the Village. I don't feel it is up to residents to have to inform the personnel of these faults.

Also parking is not sufficient especially for anyone who is disabled.

There is a rumour that a lot of our letters do not get read, if that is so maybe an Ombudsman should be elected.

I hope my letter will be read and you can help our Village with some of these problems

Yours Truly,
Heather Inline.
