SUBMISSION CONTENT:

--

After discussion with other residents at my Village I have been made aware of the cost of council rates that seems to be disproportionately large in comparison to the rates paid on fully owned land and house that we have all previously owned. Especially since our land value is much less, and our houses (and land)is smaller and held on lease not freehold, too!
I feel that an enquiry into this issue is long overdue.

As a large and quickly growing section of the industry Retirement home residents will need a dedicated Industry Ombudsman to act on our behalf in disputes and submissions to Government and I wholly support the instalment of such a position.
