

Rec 15/6/16 Have Your Say

RHS SUBMISSION 273

The Victorian Parliamentary Inquiry.

I am Wan Yeng Yee (aka. Rebecca), living on my own in [REDACTED]. This is a Retirement Village.

The Main Concern for me is :-

(1) There is no continuity of Aged Care Wing nor facilities to accommodate us as we age. Most of us came into the village at around 60+ / 70+ and have settled in. Now many of us are advancing in age, getting frail BUT we have to look for AGED CARE accommodation elsewhere. This CAUSES MUCH TRAUMA & STRESS, both financially & emotionally.

(2) Another Concern:

Our monthly Service Fee increases Every year. We started off in low Three Hundreds & Now, it's close to Four Hundred Dollars. This will go on every year. Many of us find this difficult financially as most of us have only our PENSION left to meet this commitment aside having to see to Utility charges, Rates, food, etc.

Your sincere study into issues raised would be much helpful & appreciated.

Sincerely,
Wan Yeng Yee.
