To The Secretary,

I live in [REDACTED] Retirement Village, [REDACTED] Street, Doncaster East. The fees I pay are, in part, to cover the repair of the Villages roads, drainage and street lighting. I am given to understand that the Manningham Council charge us the same rates as householders that are actually on [REDACTED] Street, which includes roads, drainage and street lighting. Therefore I feel that we are being charged twice for the same services.

I would appreciate this situation being looked into on behalf of myself and the residents of this village. Thank you.

Regards,
Wendy Kent
