I write as a resident of [REDACTED] Retirement Village in
Haras in regard to the Bellarath Council's lack of response to
us of requests for a reduction of Rates for Retirement Village.

There are 177 houses in this Village and we pay in our
monthly Rates for roads, street lighting, footpaths, fire fighting,
wires, drainage All maintenance and replacement.

After many years of requests to Council re a rate
reduction it would appear it will never happen without a change
to the wording of the parent guidelines from May to Will

I thank you for the opportunity to comment

Yours Faithfully
