

Rec 20/6/16

17-6-2016

To the Secretary.

I wish to say that I am very annoyed with Aves

They come to our Village and done alterations to our centre, without any consultation to the residents about what our needs were.

Results doors that do not suit our needs and other things etc.

We are an mostly active Village with good social events, and they have caused a lot of upheaval and quibbles

We have a good manager who is overuled by Aves, and he has been left to cop all the complaints

I expect to be treated with more respect.

Lower RATES

As the Village has to pay a lot of expences that could go to council I feel we should have cheaper rates.

Signed
