My Submission	
<b>My Issue or Problem</b>	<p>I moved to [redacted] seven years ago <del>with</del> with my husband who has since died, with much hype and blusters. During the intervening years I have not seen any advancement regarding the Clubhouse, swimming pool etc, only lots of unfulfilled promises. It is now becoming evident that some maintenance is needed, but there is no fund-to-facilitate this. We moved here to have a stress-free life and have facilities to help us as we age, but that has not eventuated. I would like to say that our Residents and Social committees are doing a wonderful job</p>
<b>My Solution</b>	<p>The Clubhouse and facilities should have been in place before Villa's were finished.</p> <p>Retired odd job man to help with maintenance.</p>
