Postcode [Required]	3228.
My Submission	
My Issue or Problem	<p>The Zone of our village has entered & broken down over the past 4 years since I have lived in my unit with the management problems. The Owner not having completed the upgrades as promised. very little has been achieved, lots of problems as well from the sand & soil issues on our doorstep, causing much distress with the sand & noise etc, affecting many with breathing health problems. our main wish is that we get an Ombudsman to help sort out the situation, per se, - years ago, [REDACTED]</p>
My Solution
