I am a resident living in a retirement Village and these are the matters I wish to bring to your attention as to what us as residents have had to endure over the years.

there is no visitor parking and there are spaces where they can go. Work on the outside of the villas seems to have stopped, ie the repairing cracks in the walls and painting etc. the outside bowling green is in despair, what are they going to do with it?

If there was an ombudsman in the industry many of these things would not be in the state they are.
