**SUBMISSION CONTENT:**

--

I am a resident living in a retirement village. I am concerned about the substandard building, there are unresolved storm water( gutter problems). We have already had a storm cause a lot of damage to the village. The owner prefers to just let it sit and do nothing. I complained about the mould in the bedroom ceiling back in 2014. Still nothing has been done I worry about the mould and what that might do to my health. I feel an Ombudsman in the industry would enable me to get the matter resolved.
