--

I am a resident living in a Retirement Village and I wanted to make a comment of my concern that moved into a unit with no fire wall between my house and the next and I had to complain for some time before they added a wall. I wonder how many others are affected and do not know it the building of this village is not to standard and I worry what will happen if there is a fire.

I think it is a good ide to have an Ombudsman in the industry to help us residents to get a fair outcome.
