Inquiry Name: Inquiry into the Retirement Housing Sector

Ann Campbell

SUBMISSION CONTENT:

--

I am a resident living in a retirement village and I am concern with the level of lighting for the village I believe it is a Health and Safety issue, there should have been adequate lighting put into the village in the first instance. If this had been a development site for housing there would have been more requirements, now it will be left to the village to resolve like it has been at older villages in the group.

This matter has been investigated by an independent specialist company. The outcome has fallen on deaf ears of the Owner.

When the need arises I believe that an Ombudsman in the industry will be bale to help the Committee of management with this issue.

With a projected aging community there is an urgent need to have a Commissioner or preferably an Ombudsman to adjudicate on these and other industry matters.
