It has come to my attention that no traffic regulations for public roads along retirement villages and nursing homes seem to exist as they do for schools, with a prescribed speed limit of 40km/hour. Even though this is not directly within the terms of reference of this inquiry as it does not relate to retirement housing type, this lack of regulations is an important issue for several villages in our suburb. There has been an ongoing discussion with Casey Council on this without resolution of residents' request to limit the speed on public roads at village exits to 40km/hour.

I request that you raise this issue with the Minister of Roads and Road Safety and recommend to include retirement villages and nursing homes in the traffic regulations with view of setting a 40km speed limit as for schools.

Dr Eva Finzel
