My Issue or Problem	<p>On Sept 9, 2014 - Mark Casey stated that the land adjacent to [redacted] Rd, would be vacated by end of year. We understood that this land would revert back to as part of Riddocks Park for future development. The airborne dust and noise from reversing trucks and machinery occurs 7 days a week; and is causing much concern to bills nearby!</p> <p>The area next to lake house is man 'eyesore' not a 'good look' for prospective buyers! When will it be cleared?</p>
