Subject: safe injecting room

RE: INQUIRY INTO DRUG LAW REFORM

safe injecting room

there is an urgent need for a safe injecting room in Richmond and for lab grade pill testing to be available at events. people need to be able to make informed decisions about what they are consuming and the risks versus the benefits of same.

the government's disregard of the lives and health of young people is not dissimilar to its token approach to protecting women from domestic violence, and discrimination experienced by members of the LGBTI community. urgent change is needed.
