Inquiry Name: Inquiry into VicRoads' Management of Country Roads

mr Grant Alexander

SUBMISSION CONTENT:

--

cannot put into words my disgust at the pathetic job done by VicRoads. The fact that they entered a partnership with a for massive profit company. Having worked alongside many workers, the don't care attitude they have, road patches that last only minutes before they begin to break up. We have massive road pothole sections, one just out of Heywood heading to Portland has been "fixed" 7 times and is a major hazard,
