Inquiry Name: Inquiry into VicRoads' Management of Country Roads

Dr Deb Foskey
Convenor
Network for a sustainable East Gippsland

SUBMISSION CONTENT:

--

My submission covers two matters:
1. A specific matter, the Bonang Highway currently has 10 k unsealed. Since this is a major connecting road between Victoria and NSW it makes sense to finish the section as NSW is doing to their final bit of the road from Delegate to Bonang.
2. Appreciation and conservation of roadside reserves as these continue to provide an important corridor for native animals and birds. Standing trees deflect wind and protect soils.
