To Country Road Safety Committee,

Our local paper put this ad in the paper to get local people to comment on the safety of our roads.

Inquiry into country roads

A PARLIAMENTARY inquiry into VicRoads’ management of country roads is inviting public submissions.

State Member for Eildon Cindy McLeish MP said the inquiry presents a great opportunity for local residents to share their concerns about the state of country roads.

“It’s important that local residents speak up about their experiences on our roads. Safe and reliable roads are so important because at the end of the day, country people die on country roads.”

The Law Reform, Road and Community Safety Committee is examining a number of issues as part of its inquiry, including VicRoads’ effectiveness, the existing funding model and lack of consultation with regional communities.

In addition, the committee is looking into the option of creating a specific country roads organisation and a separate Metropolitan Roads body.

Public submissions to the inquiry are welcome until January 15, 2018 and residents seeking to make a submission can visit parliament.vic.gov.au/lrrcsc/inquiries/inquiry/452
So we have enclosed a Copy of the letter I have written to Vic Roads on this issue to the Paper article + Police card who attended.

Thank-you for your time I hope something can be done about this issue

Kindest Regards
