To Whom It May Concern

I am a health professional who does the drive from Mount Gambier, SA to Portland VIC every week day morning and afternoon (one hour and 15min commute) via Heywood.

I pay and have been paying my taxes for decades.

Thus, it makes me so furious how disgusting and unmaintained that entire strip of road is; potholes and irregular, rough road EVERYWHERE. I have already had damage to my car (I only drive a small car) and it is very unsafe and a huge hazard to get to work every morning. It is dangerous having to swerve to avoid a huge hole and cluster of holes in the road all the time.

THIS NEEDS TO BE FIXED PRONTO.
