Vic Roads, Would it be a body corporate and has to make some very difficult decisions relating to roads throughout Victoria. I think that we may have, to re-think the whole management system of roads throughout Victorian state. Vic Roads, possibly to be recognised by another name or title. Satellite cities such as Bendigo, Swan Hill, Hamilton Warragul, Portland, Maryborough, Warrnambool and other involved towns to each have a separate supervisory body.

Yours faithfully

Kevin Cherry
