Legal and Social Issues Committee,

The Secretary, Lilian Tropic,

July 1, 2015

With regard to the Legal and Social Issues Committee, I would like the Committee to understand that I do not need any legislative change to allow assisted suicide or euthanasia. Instead we need accessible palliative care for all who need it. We spend a lot on the prevention of suicide. We don't want to discriminate against sick, old people, by encouraging them to suicide! Assisted suicide and euthanasia affects the family and community, it's just the person who suicides.

We don't want euthanasia as it opposes the right to life of everyone, especially the most vulnerable. I am.

Yours faithfully,

Mary B. McNerney (Mrs)
