Inquiry Name: Inquiry into End of Life Choices

I am one of the majority of people in this country that want to see the law changed in favour of 'voluntary' euthanasia. To continue to allow the elderly to take their lives in the inhumane and lonely circumstances that they currently are forced to use is a sad reflection of the parliament of this country ignoring the will of the people for whom they are meant to be representing. The end of unbearable and unrelievably suffering needs to be addressed NOW.
