Inquiry Name: Inquiry on Growing the Suburbs: Infrastructure and Business Development in Outer Suburban Melbourne

Mr David King

SUBMISSION CONTENT:

--

Epping is experiencing a rapid increase in population due to all the new housing estates in the area. Along with more population of course is a large increase in traffic on the local roads. One area particularly affected is High Street on the North side of Epping. Travelling North, High Street chokes down from 2 lanes each way to 1 lane at Hall Street and this is a major traffic congestion area. The single lane section of High Street starts to block up from early afternoon and gets worse way into the evening. As home building is going ahead constantly in the North Epping area, High St (Epping Road) needs to be widened to 2 lanes each way as soon as possible. The widening of Epping Road needs to go to at least Harvest Home Road, Wollert and possibly further.
