Monday 12<sup>th</sup> October 2009.

Dear Sir,

**"Inquiry into Impact of the State Government's decision to change the Urban Growth Boundary"**

We are strongly opposed to the infrastructure tax being forced on landowners who have paid their rates and taxes for years with no benefit for them.

In our case we paid for water infrastructure on part of our property back in 1977, after that we further paid to get water on the portion of land to finalise our subdivision.

We paid for the infrastructure upgrade of the water main in 1987 and paid for the power to be connected in 1956.

We strongly object to the proposal by the Government "to introduce an increased development contribution for land in designated growth areas."

Regards,

David and Christina Bennett
