Mr Sean Coley, Executive Officer
Outer Suburban/Interface Services and
Development Committee
Parliament of Victoria
Parliament House, Spring Street
East Melbourne, VIC 3002

Dear Mr Coley,

Pipeline Easement for the Proposed Desalination
Project intruding into the Urban Growth Boundary

Corruption of, and Corruption in, the
Environment Effects Statement Inquiry for the
Victorian Desalination Project

I request that your Committee investigate the matter of the **pipeline easement for the proposed desalination project intruding into the urban growth boundary**.

The four (4) maps that are attachments to this submission show the extent of the intrusion of the easements into the urban growth boundary.

I maintain this matter has not been given adequate consideration by the Growth Areas Authority, and was not considered by the Environment Effects Statement Inquiry for the Victorian Desalination Project.

Please note that the four (4) maps; 'Victorian Desalination Project', 'Section 10 of 12', 'Section 11 of 12', and 'Section 12 of 12' are all dated post EES.

I maintain there has been **corruption of, and corruption in, the Environment Effects Statement Inquiry for the Victorian Desalination Project**.

I wish to present the evidence of this matter to the Committee on either 20 or 22 October 2009.

Yours faithfully,

Maurice Schinkel
