

Note:

1. COVID-19 data are extracted from the Public Health Event Surveillance System (PHESS) and are current as of midnight 30th November 2020. All data

2. The Department of Health and Human Services currently defines an outbreak of COVID-19 as two or more cases linked through transmission outside
 ^Location (LGA) of the first case linked to the outbreak is used as the location for outbreaks in the 'Family and Social Gathering' sub categories.

#Healthcare settings include hospitals and any clinics or practices that provide any of the following: -Aboriginal and Torres Strait Islander healthcare -C

!Cases may be linked to more than one outbreak and therefore the sum of cases linked to individual outbreaks (Column F) will be greater than the sum

*The diagnosis date of the second case linked to the outbreak is used to estimate the date when the outbreak commenced in all outbreak settings with
