process of review and correction and are subject to change. This dataset will be updated monthly on the Department of Health and Human Services (DHHS) Website. It includes cases of COVID-19 in a sensitive setting including aged care to ensure appropriate public health actions are undertaken to prevent onward transmission. Cases are linked to outbreaks

The data captured herein do not necessarily reflect all information available to DHHS at the time to support case and outbreak management. Outbreaks with single cases have been excluded from this data.
